

SENIOR PRINCIPAL, ARCHITECT

Gary Hall, Senior Principal and President of Creative Design Solutions, Incorporated, has worked in the field of Architectural Design for over 20 years. He has worked extensively in the areas of design, planning, project management, facility licensure, historic preservation and construction administration.

Gary has a wealth of experience in Healthcare Design having spent a good portion of the last decade focused in that market sector but has been involved in numerous commercial, industrial, faith-based, educational, elder living, and historic preservation (SHPO) projects.
